OAuth connection updates

New connection: Phase: Beta

Taekus (177616)

During this time, we invite you to allow your users to add accounts, at your discretion. We will continue to monitor this connection closely until we have enough data to confirm that there are still no known issues.

- Connect FULL partners: Please let us know if you would like to allow your users to add accounts to this connection, and we can enable it.

- Connect LITE partners: You may need to enable Financial Institution ID in your user experience.

Status change: Phase: Migrating

You may begin migrating legacy accounts to the OAuth connection using our migration endpoint for OAuth institutions:

FI name	FI status	FI ID	Legacy ID
MCT Federal Credit Union	Migrating	800229	4296
Total Choice Federal Credit Union	Migrating	800293	171320
United Security Bank (CA) - Business	Migrating	800983	176112
The Farmers Bank (Greensboro, GA)	Migrating	801210	173570
WBH Federal Credit Union	Migrating	801407	101049
Citizens Bank of Missouri	Migrating	801479	13428
4U Credit Union	Migrating	801739	171859
First Newton National Bank - Personal	Migrating	801967	100070

These institutions reflect the recent updates we've made to the Status field in the getInstitutions endpoint, offering more descriptive values to better capture an institution progression through its lifecycle.
